

Families must come together...

The Spirit of Elijah Seen in a powerful and profound manner at the end of the movie Thunderbolts.

Everyone should watch the movie Thunderbolts to get a taste of the power of a family unit coming together at all cost, even a willingness to sacrifice oneself for your brother, sister or neighbor. Father in heaven teaches us the joy, love and success we will have by fighting the adversary off of each other, even to be protectors or our brothers keeper.

There is a darkness trying to take us over and fighting it alone is not easy or what Father wants us to do. We must love each other so much that we would never give up on each other. We must forgive 70x7, we must not hold grudges, we must not be jealous, envious, lustful or idolize others possessions; especially someones spouse or children or family. We must want to help other families be united as much as we want to be united with our own family.

In the movie Thunderbolts a man named Bob needed his family, but they were not around. A brief glimpse into his childhood life showed shame, guilt, abuse, fear, lack of love or care. Ideally it would be perfect to save the entire family and bring them together with Bob; and we could write a sequel with that happening, but he was saved by brothers & sisters.

All it took was one sister or daughter of God to be willing to pursue Bob, Yea she went to find the lost sheep who belonged to Gods family. This sister set the example and others followed her to help save Bob. It took all their power, commitment, Love, concern and hero like attributes to help Bob; which if they could they could help a world. Saving one child of God can save an entire generation of people, but its not about the quantity of lives saved, rather your effort to bring one soul unto God. This one soul will be great in the site of God & you will have great eternal joy. How then will your joy be great if you bring many souls unto him.

Families must stick together! Dont you quit, dont you give up, dont let the darkness take you over or anyone around you. Never get divorced from your spouse if they Love God, love Jesus, love the Holy Ghost, love your children, love you and seek your forgiveness. How can we divorce anyone who has repented, been forgiven by the Lord and keeps the commandments of God? Are you better or greater than Jesus Christ who loves the women caught in adultery & he said, "Go and sin no more," having forgave her?
