

# FINAL LAST DAYS ALERT!!!

2/10/25

Dear Reader,

In Isaiah Chapter 7, we are told a story about how Ephraim became allied, or confederate, with Syria, and how they both planned to come destroy Judah. In this story Ephraim symbolizes the LDS Church, Syria symbolizes the U.S. government, and Judah symbolizes the true believers, or elect Mormons, on the fringes of society. The few elect Mormons on the fringes of society are pursued and persecuted by the main church, and by the government of Utah, and of the U.S. government. So when these true believing Mormons hear that the church and Utah government are allied and are coming, such as in the 1953 short creek raid, their hearts are moved in fear like the trees in the woods. However God tells Isaiah that these things shall not stand, or last forever. God then asks King Ahaz to ask him for a sign, and God gives him a sign about when these things shall be. The sign is the sign of the woman in both Isaiah 7:14-6, and in Revelation 12.

The only time that the sign of the woman has appeared in the heavens during the recorded history of this earth was on September 23rd 2017. Three planets were in "virgo's crown", which is Leo, and Virgo was standing on the crecent of the new moon, and clothed with the sun, and set over Jerusalem on the feast of Trumpets.

Notice that in the parable the child, who is the Kingdom of God, has only just reached the age of accountability when both Ephraim and Syria are broken, and their governments are overthrown. The age of accountability is eight years old. Therefore America must be overthrown in the year of 2025. Also further in the parable in Chapter eight, Isaiah has a son named Maher-shalal-hash-baz, and before that son can talk to name his parents this overflowing scourge must accure. I believe this to be 2025.

The overflowing scourge, or whirlwind to cover the land, all by an army led by someone called the "Assyrian", out of the north speaking a strange tongue, —has been prophecied multiple times, and in multiple ways throughout Isaiah, Ezekiel, Daniel, and especially in Joel 2. This horrible overflowing scourge that shall cover the land of America, and make the U.S. look like Gaza, is coming this year.

2025 is the year when America, mystery Babylon, shall be destroyed!

LOVE Sam—
