

We are praying and working on removing the protective order DCFS forced upon us. My wife, Barbi Lu Reichner declared, "I have no fear or concern of my husband, it's those around me who are forcing me to do this." DCFS threatened to take our children, and the only way to make sure this didn't happen was to abide by their strict commands. This protective order has no merit now that the Assistant Attorney General pulled the plug on our child-welfare case. Our current lawyer, Elizabeth Hunt requested the child welfare file with no success. We have no idea if DCFS has scrubbed the file to cover their tracks? This clearly is proof DCFS has torn apart a family illegally and wrongfully; as well attacked me to the point of me being placed in Jail and Prison; something my wife never wanted or anyone wanted. As evil as DCFS has been, let it be known our DCFS agent text me before going to prison, "David, I am changing careers, I am no longer with DCFS or your agent. You will receive a new agent soon." I never did have a new agent before the assistant Attorney general pulled the plug on the case. Never in the history of DCFS has a case been pulled or scrubbed by the Assistant Attorney General or DCFS. We are still lost for explanation on why we cannot find our file, even to pursue wrong doings on their part.

I will declare that during this time of confusion, heart break and pain, God The Father has blessed us, comforted us and has us in his hands. I have been told by The Lord, "all of Gods Army (The 144,000) from the Prophet Adam, Abraham to Joseph Smith Jr. are on the earth today." Like the Apostles who didn't recognize Elijah as John the Baptist, the world has not seen or recognized yet the 144,000 upon the earth. These children of God are preparing to usher in the Lord Jesus Christ preparing to put the house of God in order and unite the City of Enoch with the New Jerusalem. I've been informed by the Lord that 90% of the 144,000 are incarcerated and from the City of Enoch; where else can Father feed a army three meals a day, water place to sleep and protect them from the evil elements of the world! It is my witness that most of Fathers Prophets, Apostles, Disciples and many of those in his army have come to me and we have conversed; even building relationships of trust. I had a vivid dream of jumping into a fox hole and fighting a battle in the near future with those men I have met and lived with in Jail and Prison. I had a dream or vision of the Volunteers at Prison petitioning on behalf of Gods Army so the Saints would accept the Prisoners as Gods Army to protect the New Jerusalem.

It has been revealed to Father Adam (John the Beloved) that my wife Barbi Lu Reichner and I are Emma Smith and Joseph Smith Jr. Also the Lord revealed to me our current children are the siblings of Joseph Smith Jr. I.E. our son Evan is Alvin, Caden is Hyrum, John is Don Carlos and Matthew is Joseph Smith III. Our Grandson Mason Reichner is William Smith. Our daughters Anna, Ella and Abigail are not known which sisters of Joseph Smith Jr. at this time. Barbi and I will raise our children who died in the 1800s who we did not get to raise as Emma and Joseph. We'll also have other children who died or did not get to be raised by us yet; thus we will raise them all during the Millennium.

It is evident, factual and a divine reality Father in Heaven is conducting a great and marvelous work and wonder, even as he's placed all his prophets and original Apostles on the earth today, incognito, to prepare the way of the Lord's Second Coming (Hebrews 13:2). These Angels among us are not yet resurrected beings, but they have condescended from Celestial glory (City of Enoch) having no memory of their previous mortalities, living on complete faith and by way of the Spirit having been chosen to put the house of God in order. They use the Atonement of Jesus Christ to progress in each mortal existence or probation.

Very soon the world will know brother Joseph and Emma again!! As it is known, so too will the world know Father Adam (John Colthorp) and Father Abraham (Sam Shaffer) along with all those Father has kept hidden and protected from the wicked world and secret combinations. The Three of us are serving the Lord together, doing the will of our Father (Moses 1:39).

While in Prison my heart aches; for nobody from my ward, stake, neighborhood or anyone has come to me. I have been a faithful follower of Jesus Christ my entire life, served in the High Council, Bishopric, mission, and callings, yet nobody has come to me in Prison. My sweet children talk to me, my sister Jeannette Kee shares weekly her love on the phone, and my sister Heidi and her husband Jack put money on my books; along with my brother Mark Reichner, who is a Bishop in San Clemente, CA. I have had to come to Prison to be given a coat when I was cold, receive food from inmates when I was hungry, given drink and caps from inmates when thirsty; ministered to by inmates or volunteers when sick or in pain. However, nobody from my ward, church, stake or neighborhood has come to me in Prison.

The love of Christ comes from within the walls of Prison; where there is no isolation or judgement from inmates that shun me because I am in Prison. Father in Heaven has placed me here to be refined, purified, taught, molded, shaped into the leader he needs me to be, even building relationships of trust with the inmates; who are soldiers, warriors, col., and generals in Father's Army. Soon this Army we are apart of will rise up like a rose or flower in the desert and prevail, even to protect the New Jerusalem.

While in R&D for two months I met several of God's Servants who are part of his Army. R&D is in-humane - cruel and unusual punishment! The Constitution protects humans from being treated worse than dogs in a locked up kettle. Dogs get put for longer periods of time than what the inmates did in R&D. I was glad to have survived R&D and meet Adam and Abraham (John Colthorp and Sam Shaffer). I share my witness and testimony these things are true. At first John and Sam did not receive revelation or confirmation I was Joseph Smith Jr., but since John received direct revelation from Father I have been counseled, blessed, taught, ministered to, baptized, hugged, loved and treated as I would have hoped from those within my ward, stake and church. This brotherly love exist among us in the most unusual place, but it is an honor to be among Father's elite.

The three nephites, David Swindin, Randall Vaughn, Ryan Nelson, Leon Scott Mitchell, Elizabeth/Paul Olsen, Pastor Brad Zimanek, Norm Zern, and hundreds of inmates (Daniel) have been and are Angels who have helped me. I have no question Father has placed hundreds of Angels and The Arch Angels in my path.

While living with Father Adam (John the beloved) and Father Abraham (Peter "the Rock") we went to the Main Yard and I was blessed. Adam placed his hand on my head, and confirmed my identity of being Joseph Smith Jr. and my wife Barb Lu Reichner is indeed Emma Smith. I've been taught that Joseph Smith Jr. was also Nephi from The Book of Mormon, the son of Levi, also, that Joseph of Egypt is the same spirit as Joseph Smith Jr. and Nephi. Randall Vaughn blessed me stating "I walked with Father and Jesus Christ in the City of Enoch. If I am Enoch or Seth I know not, but that's not super vital right now to know."

I've learned about special Baptisms Joseph Smith Jr. conducted with his sweetheart Emma, even baptizing her multiple times so she could heal. I too have been informed as "The Healer" I will be commanded by the Lord soon to heal the sick, cause the blind to see, the deaf to hear, raise the dead and lame shall walk. I pray to heal my family, my sister Jeanette Kee from cancer, and her son Dallas who has Down Syndrome; among the thousands of others Father with place before me in the name of Jesus Christ.

Having been blessed and confirmed as "the healer" Sam Shatter (Abraham) asked for a blessing of healing, with his great faith in the Lord Jesus Christ to be healed of his muscle disorder, he has a new commit and extra bounce in his step. His spirit has been lifted and he has a desire to exercise and develop his muscles. His faith has been a great example for us!

It's miraculous that it's been over 4 months since we first met, but only this month Father has brought us together as brothers. The Holy Ghost has fallen upon us and been with us always ever since John received revelation and confirmation of who Barb and I are. We are celestial beings, our I-uh's are one; indeed we are "As one sealed for eternity." God our Father knows the beginning and the end. Our existence, marriage has been sealed up for all eternity and no man on earth can or shall take that away!! We have done similar work and mortalities on other planets Father has created for his glory and purpose. We all make up a select elite group of Father's children, called "Gods Family," i.e. The Sanhedrin of Heaven. The 7 Lambs or Arch Angels and their wives are all "As one" with Father and his wives and Jesus and his wives.

As I participate in the choir, learn piano, attend hundreds of classes (was #1 in prison for attending most programs & electives) with John, Sam and many others who are part of Gods army my joy is increasing for I know the time is closer for us to unite with our loved ones and families. Soon I will present the sword of Laban/Goliath and sacred records to the brethren of the church. Soon the commencement of the 3.5yr tribulation will be upon us!!
