

Father's Love Story continued...

Some of the major events while in Ramona: Evan became a Deacon with the Aaronic priesthood. He bore his testimony for 6 years straight every fast Sunday. I realized that by not being a better Dad or teacher, I asked him to think about ways to add to his testimony, but he took it in a way I didn't expect. He stopped bearing his testimony. To our great sadness Evan stopped bearing his testimony. Nevertheless he had a record of 6 years, and I will focus on the good. He honored his priesthood. He loved his friends. He loved being good and trying his hardest at all things. He was obedient to his Father in Heaven. Evan did amazing in school, church, Scouting, sports, social interaction, home life and was a great older brother and example. He played basketball all through high school, even played for me on the Varsity team as a Freshman. He handled adversity and persecution with humility, dignity and a "Never quit" attitude. As a Freshman he was one of the top high jumpers at his school. He played football, volleyball and is a great swimmer. Evan went to Early Morning Seminary every day for four years and graduated as a certified minister of Jesus Christ. He went to the Temple to do baptisms for the dead. He was a leader in his young men's groups, even became a Priest in High School. We never had concerns, disciplinary issues or unresolved questions.

Evan was a great example to not just his siblings, parents, ward members or community, but the Reichner and Lundin family and all his cousins.

Evan chose to serve The Lord for two years by going on a mission. He was called by God to serve in Florida, Tampa Bay mission. He answered the call and returned with honor. As an Eagle Scout he used many talents, skills and attributes to be a leader in Florida. The Lord trusted him to teach the people as well as his companions who needed a good brother to help care for them with love and patience.

All of us measure success differently, but don't anyone would question Evan is a successful son of God. While on his mission he met his current wife Amber. The blessings of being obedient to keeping the commandments is evident in their love for God, The Lord, their children, the gospel and family and friends. Evan and Amber Reichner have two beautiful children; Mason and Aubrey. We love all our children, and our grandchildren have spirits of angels. As a matter of fact I've been informed by the Lord Evan is indeed the soul/spirit of Alvin, who is the eldest brother of Joseph Smith Jr. who died before baptism. Mason, I believe in William Smith. I have not met Aubrey yet, but within a years time The Lord will have us all together with an understanding of this "Further light and knowledge." we love you Evan, Amber and Mason / Aubrey.

Some of the Major Events of AnnaVenessa while in Ramona. AnnaVenessa is an Elite daughter of God. She is Lucy Smith, Sibling of Joseph Smith Jr. Not only that Anna could very well be Esther of the Bible. I have not learned all of the lives of our children yet, but I speak with Surety Barbi and I have been husband and wife since living in the City of Enoch together. I am confident our children, and others in the Reichner and Lundin families have lived together in previous dispensations in different mortalities.

Now, Anna was Baptized in Arizona, and she never missed a day of Church or keeping her covenants. Anna could very well be one of the most unique daughters of God on earth. Beautiful dark hair, with her mom's beautiful blue eyes, Anna could play the part of Wonder Woman. Anna is a Social Butterfly, and everyone knows her, loves her and they come to be with her. She is the glue to our family, the spokes person and trusted individual by others.

She is an honors student, Valedictorian candidate with a 4.6 GPA in High School and graduate of University of Utah with honors. While in Ramona she played basketball, volleyball, danced, swam, and led in the community. So many youth looked up to Anna. She was a 4 year graduate of Seminary early in the morning; she got her ministering certificate,

Anna is a top-notch student, a teacher and will be an amazing mother, wife and daughter of God forever. I don't recall one serious act of discipline we ever initiated on Anna. Was she a perfect daughter? Well, I guess so, but she probably could have made her mom ~~have~~ breakfast in bed more often. ☺ Truly, Anna accomplished much and still does. She went to the Temple and did baptisms. She was a Member missionary visiting friends to Church Dances and other activities. She made a huge impression of thousands of people in a positive light.

Anna was and is a great older Sister, and younger sister to Evan. Evan and Anna love each other and are best friends. Frankly, all our children love each other and our best friends, and Evan and Anna set the tone for this love and connection.

Anna finished her Senior year in Utah, Graduated with honors, got a full-ride academic Scholarship to Southern Utah University. Anna paid her own college degree i.e. put herself through college. Anna was Captain of her Volleyball team, and all took to Anna and looked up to her.

Anna chose to serve the Lord on a Mission to Santiago Chile Mission. She went to Peru on a intership. She got all her young women awarded led her young women with charity in Christ. Anna is wonderful and were excited to see her as a mother

Some of the major events for Caden while in Ramona, CA. Caden came into Ramona having just been baptized in the Pine Valley, UT. River. Very fitting as I was baptized in the Snake River in St. Anthony, Id., and Joseph and Hyrum Smith were both Baptized in a river. Yes, Caden is indeed the soul/spirit of Hyrum Smith. As the world learns of these truths from Father it will help them understand the Love, mercy and patience Father has for all of us. He truly wants to have all of us return to live with him, and will give us many more chances to progress than we ever knew possible.

Caden came into Ramona and stole the show. Everyone knows Caden, and Caden does all he can to help others, especially those in need. Caden put others as a priority when it came to making sure everyone was happy or had what they needed. He never missed church, he became a Deacon with the Atonic Priesthood, passing the Sacrament. Caden played basketball, football, body boarded, swim, volleyball, baseball, soccer, golf and every recreational activity you can think of. Caden was a great student, very smart in the books, but his people skills were second to none. Caden would have many intellectual conversations with adults. So many adults loved Caden. He was a leader in his young mens quorums and on his sports teams.

Caden received an award his 8th grade year that was recognized at the School board meeting. Photographers were there and he made it into the News Paper with a plaque that honored him as the "Most influential" or "Most inspirational to others." The theme of the award was acknowledging Caden as one who loves, helps, cares and thinks of others.

Aside from being one of the best Athletes and basketball player in the State of California as an 8th grader, Caden was a better human, friend and son of God. There were an Occassion or two we had to discipline Caden, but that one time event or tough moment happens to all of us. Not to put our focus there, but to realize all of us make mistakes and thats the reality of life on earth. Parents aren't perfect and all of us are striving to become such.

Caden went to the Temple to do Baptisms as a young man. While in Ramona Caden and I drove back to Arizona together to sell our home. When Caden and I were alone it felt like my little brother or best friend was with me knowonder he is Hyrum and I am Joseph, true brotherly love.

I coached all our children from the time they could walk. Every Season, every Summer, every day I spent with our kids, teaching, coaching, loving and helping them become their best selves.

All the success of our children could never have happened the way it did had Barb not been the wife and mother she was. Barb read to the children in their rooms every night for hours. She loved them, cooked breakfast, packed lunches, made dinner, dessert every single day for 32 years. She led by example, full of charity, cleaning, cooking, nursing, changing diapers, washing clothes, washing dishes, setting tables, cleaning cars, mowing lawns, being a professional photographer. Seriously, her photography skills had so much love and tender care behind each photo. It's no wonder I admire, adore, love, cherish and praise her daily. I always have and I always will.

Anytime the kids needed something Barb would be there for them, As she sat in the stands she was their biggest fan. She always cheered on our kids and if she ever missed a game it's only because another child was playing at the same time or some church event was taking place. Barb had a busy day every day, each day was full of joy and serving our children. She would dance with the kids, play baseball, card games, games out in the yard, help with homework, church talks, heal wounds and plan important events. Clearly I am her biggest fan; she is my hero, my champion, my best friend, my eternal companion, my lover and my Goddess.

Some of the major events for John-Nick White in Ramona, California. Mr. Loyalty, always there for his Dad and Mom, and close to all of his siblings. Whatever Caden did John was right there. John is our sweet, kind, loving son, brother who is a warrior for God. All of our kids are beautiful inside and out, and John had the perfect profile from birth and his soul is like one of a Prophet of God. He is not only Joseph's brother Samuel, he's also lived on earth as a warrior. Again, I don't know all the mortalities yet of our children, but John-Nick has no fear of man. He is a leader, a writer, a gatherer and one many look upon for counsel. John is like Anna in that his grades in school were always above a 4.0.

John was baptized in Ramona. I baptized all our children, and John was excited to follow the example of his eldest brother, Jesus Christ; as well as Evan, Anna and Caden. John never missed church, was a leader in his quorums and with his peers. He was given the priesthood, became a Deacon and held the Aaronic priesthood with excellence. He played basketball, football, soccer, baseball, swim, body board, video games with siblings, games with family, shot guns, rode bikes, ATVs and everything recreational. John was very active every day, and none of our kids missed a meal. We ate around the dinner table every night as a family; scriptures and prayed as a family every night.

John was on the same basketball team as Caden. I was there coach and it was a blast to be with our sons as they won 1st place and got trophies. John loves Caden, and all his siblings.

John attended a school where horses were used, and the students could get a better feel of horses and how to be around them. John was stellar with these Arabian horses. They respected John, loved him and John was a great care-giver to them. He would lead the horses with a rope and they would follow respectfully and trust John. He was calm, cool and collected always.

Many kids looked to John for help and friendship. Some kids with disabilities or hardships would seek John out as a friend. Because John was smart and competitive he kept his older siblings on their toes and constantly challenged them. He was ever so tender and kind to Ella and often would help his mother when asked. He's a peace-maker who never liked arguing or seeing contention. Honestly like Anna I don't recall having to ever discipline John or sit him down for being disobedient. Truly he excelled while living in Ramona and honored his priesthood. He also would do Baptisms in the Temple, give great talks at church like all his siblings, and loved his Savior Jesus Christ. He also demonstrated love for Barb & I and his siblings.

Some Major events for Ella-Sophia in Ramona, CA. First Ella is Sophronia, Josephs oldest sister. It's interesting how Father places us on earth in different roles to help us progress. Ella totally has a mature personality like a oldest sibling, but in this mortality Anna played that role. Anna was the baby in her previous mortality, and now she's the oldest. Each role prepares us, Shapes us, and developes us to garner all the traits of the Savior. Ella is simply an Angel, flawless, perfect, a gift from wisdom of God. Indeed she is beautiful and wise. When I think of Ella the first memory I go to is a photo of a moment where I'm teaching her how to shoot a gun with the proper stance and she's staring at me holding to form with a great smile of love, trust, adoration and commitment to learn.

Ella has always been an absolute doll. Quiet, still, reverant, peaceful and nobody dared to ruffle her feathers; it just was unthought of. She also Played basketball, Soccer and many sports, but she rocked the ballet stage, and frankly one of my regrets with Ella and Abby was not getting them into ballet, dance, cheer, or gymnastics on a regular basis like their mother. Truly, had we done this the benefits would have been grand on many levels and reasons, especially as we moved to Utah.

Ella also became a leader of Arabian horses. She did ballet, danced, worked with dogs, and many other activities. She had the most lovely, peaceful, innocent, joyful smile as she performed, practiced or worked at something she enjoyed. At first some things in school challenged her, but I've never seen someone so dedicated to turn a challenge into a powerful success story. Ella focused, made a commitment to be a great student and she nailed it!! Ella can be given any task and she will follow through with flying colors. She never missed church. She was baptized at 8 in Ramona. Everyone loved Ella and would listen when she talked, nobody didn't listen when Ella spoke. She spoke with wisdom, honesty, love for everyone and spoke like a soft delicate angel. Remember, angels can be fierce when people don't do what God wants them to do. Ella loved the beach, camp outs, and performing. Her ballet performances were wonderful. I wish to have seen Barbi dance ballet on stage with Ella and Abby. Ella loved primary and all the songs. She was a spiritual leader by example, and a competitive athlete; she could hit a ball with a bat real well. She loved our dog Konno and she loved being with the family. Dancing "Just Dance" was a favorite with Barbi.

Some events in Ramona California for Abigail-Faith. Abby was still nursing when we arrived in Ramona. Abigail having been born on March 15th, Barb's birthday, allowed them both to have a special bond. Easily could be said Abby is Barb's gift that keep giving. I believe Abby in my studies and research, being led by the Father & the spirit is Katherine Smith, Joseph's Sister. I pray as others read this everlasting truth they will feel the joy I have. Abby is not only ~~our~~ daughter, but our sister, literally. She is a precious, righteous daughter of God whom we love dearly. Abby is ~~our~~ sweet baby girl. I get emotional thinking about Abby and how tender and sweet and kind she is.

I too am the second to last child in a big family, and I share her thoughts, her pain, her joy, her concerns and her way of life. I actually feel very close or similar to Abby, as though our souls/spirit are very alike.

Abigail is a leader of people. At 4 years of age she took the rope tied to an Arabian horse and led it through a small obstacle course with no fear. She led this horse commanding it to go, to stop, to turn around looking like she had been working with horses for years. It was spectacular to watch her lead this huge animal with confidence.

Abigail was baptized at 8 years of age in Ramona. She was a little Sweet daughter of God who loved the Lord Jesus Christ, loved her parents and siblings and had a spirit in her that could take on the world or wanted to. No fear, no pain, and I don't recall ever having any discipline issues or concerns. Being close to John, she grew to be tough and I would occasionally step in to protect her. She became an absolute wonderful older sister once Matthew was born. She loved Matthew and they were buddies. Abigail and Ella were always together, but Matthew became someone Abigail could help, lead, comfort and adore.

Abigail did ballet and was amazing. Again, I'm wishing we would have had her in dance, gymnastics and more ballet. Being involved in sports is so helpful. I actually think Abby could become a great diver.

Abby learned to swim, ride bikes, loved the beach and waves, building castles, running and keeping up with the older kids. Abigail enjoyed drawing and being artistic. Again, probably would have been a musician; it's not too late for her to write music or sing. All of our kids sing well when they want, Abby has a wonderful voice. Abby was a strong child, doing well on hikes, trips and enduring any challenges. She is a wonderful friend who is sweet and caring.

Matthew was born in California, our only California baby. Conceived in Ramona, but born in Escondido Hospital. At the time of his birth there was a good size earthquake; pretty cool and special as Matthew is Don Carlos Smith, and he is truly a gift from God. He was a gift in so many ways. Barb's pregnancy with Matt was heavenly, no issues, no pain, no sickness absolutely a breeze of a pregnancy and the delivery was nothing short of perfect. Matthew is absolutely amazing at everything. He has been simply a gift to all of us: happy, fun, outgoing, snuggler, loving, a perfect fit. Oh, and extremely handsome. We gave him a song called, "Handsome boy, handsome boy, when you think your in a rut, just remember you got that stuff, handsome boy, handsome boy"

Let me add Abigail's Song: "Abigail, she's our gal, Abby, Abby Abigail, she's our gal"
John's Song: John, John, John, John, John, ... its the beat that's unique & captivating."

Caden's Song: "Caden, Caden Luke, Caden, Caden, Caden, eatin all the stuff."

We would sing these songs on road trips, around the dinner table, birthdays or when we wanted to unite as a family.

Matthew was Barbi's side kick, and frankly all of our babies when with Barbi would attract positive attention. Pretty wife, pretty mommy with gorgeous children where ever we turned. It's a honor to be part of this family with Barbi, truly a priceless treasure. So many great memories, way more than any bad memories, we can forgive and forget the bad & focus on the 99.9% of all the good that took place.

Matt did a little pre-school in Ramona. He did amazing in Nursery at church. The best memory is probably Matt and Barbi having passes to Wild Animal Park in Escondido. Barbi would take Matt often, and that was educational and fun for Barbi and Matt.

Matt loved the beach, playing basketball, base ball, football, Soccer, riding the waves a 2 yrs of age. Seriously, Matt would be on the boogie board & catch waves with my help. All the kids did this and Matt had no fear. Oh, how I love being a beach bum family and truly miss our beach days.

Lets not forget a special baby blessing of Matthew. My friend Matt Romney who I served with in the Stake joined our blessing circle with Matt. Soon the Romney family will know all these truths, we are close to them.

There are so many wonderful memories while living in Ramona. I often think about living there, waking up watching Barbi get ready for the day, and missing my wife and living with her daily. This is my 3 year ministry before I must do what the Father has chosen me to do.

When we left Ramona, The Lord was actually preparing us for this major trial and return's time. The Lord commanded me to move to Utah and "preserve the vineyard." That's exactly what will happen, but I had no idea at the time what was in store.

A very special memory with Barbi was going to Rancho Bernardo Inn soon after Matt was born, at least I know Barbi was still nursing. We never had left a baby nursing before, make me think he might had been two years old and ready to be weened.

Anyways I relished in a romantic meal & evening with Barbi. We went in a jacuzzi, back to the very nice room and shocked at how we didn't get away more often. We had a wonderful time together, we always do when alone together.

Another great memory was taking the family to Pacific Beach to fish, play basketball, go on carnival rides, walk the pier, eat great food and enjoy our beautiful ocean. Oh, how I miss being a family.

I was doing some film work for the Church in Utah on the Goslen Set. I was also taken from the High Council calling to a Bishopric member. I was told if I had a secure job/career I would have been called as Bishop. I loved serving in the Stake and Bishopric while acting/modeling as the Savior for the LDS church and most major Christian churches.

Out of nowhere while it happened to be my day off filming I got invited to interview for a teaching/coaching job, I even went golfing with the AD and her husband. I was given an offer I couldn't refuse. Caden and I had just spent an amazing month together in Utah helping him find a place to play. He played with Cedar City and went to various camps. As an incoming Freshman he competed at the Varsity level. As parents we did everything we could to help our children pursue their goals. I drove back to Ramona to drive our truck to Spanish Fork, where my new job was. We stayed in Pine Valley for a little bit; it was our last visit there as my father-in-law passed away and Luke sold the house. We did have one last amazing Christmas with my Dad and Luke in Pine Valley. We shot guns, went sledding, rode ATVs & built snow caves. Truly every Christmas was magical, full of Christ's spirit and love for one another.

We were blessed with a three story home, beautiful backyard in a cul-de-sac with great neighbors. Upon being hired as the new Coach at A.L.A. we ran a basketball camp. AS always Bobbi helped me run the camp and it was a big success. We enjoyed living in Spanish Fork near a small river, bike trails, mountains near by and lots of activities.

I helped coach football and Caden was our backup Varsity QB and starting J.V. Q.B. Anna/Vanessa was the Captain on her Volleyball team; I loved announcing her games. Everyone treated our family the first year with kindness and gratitude we were there. Anna & Caden were very active and popular in their first year at A.L.A. They both attended Homecoming Dance and did very well in their classes. Anna was an Honors student with perfect grades. Caden did very well as well. John-Mick was in my Leadership class as a 7th grader, he had so many friends and also played on a club/school basketball team. John also had a 4.0/perfect G.P.A. Ella was in 5th grade and joined a Show-choir and loved it. She was a doll, and we enjoyed seeing her sing and dance. She also did well as a student-athlete playing Rec. basketball. Abigail was in 3rd grade and also enjoyed school. She would attend all the basketball camps and other events her siblings were in. She played Soccer, and was active at home with Matthew.

Abigail got involved with Soccer with Ella; they both were fun to watch. As mentioned Dance, cheer, ballet, and gymnastics is what we should have had them in. They had the talent to do anything.

Matthew was in Kindergarten doing very well, he was always playing Sports as well.

All of our children never missed church, were great leaders in their youth groups. As a family we always were together around the dinner table, reading Scriptures, praying, playing games, watching T.V. or being active outside. Anna & Caden didn't have early morning Seminary, it was actually a class in their schedule. Caden played for me his Freshman year on the Varsity team; it was a great year of building and Caden and the team excelled. As mentioned Anna received a full-ride Scholarship to Southern Utah University.

To our shock I was not hired back as a teacher, but they wanted me to stay and coach. My Director and A.D. were very upset with School Administration for playing games and politics with me and my family. Regardless, I agreed to stay and coach. We ended up having the best record and most success in School History the following season.

Unfortunately, Caden did not play for me as we moved into Trumpview High Boundaries. I missed having Caden and the family at our games. We were truly blessed by the Lord with a huge 8 bedroom home in a nice neighborhood in Provo.

Days before Evan was arriving home from his mission the Lord gave us a home nobody could believe. All our family members asked how we were able to get such a home that was affordable? As always the Lord blessed us for our obedience, trust and raising our children in the light of Christ. I was blessed with a sales job and became the #1 sales rep in the company. We made more than ever while I was still able to coach.

Evan came home to a loving family and ward he didn't know. His homecoming was wonderful, even as Barbi made it very special. I loved seeing Barbi so happy in our new home where we still live almost 7 years later. Soon the Lord will bring us all together in a very powerful spiritual way.

Well, Anna went off to college and Barbi and I drove her down there. Anna is the best, she excels at all that she does, Miss Independent has everything under control and seldom asks for any help.

Evan and Amber prepared for their wedding as they quickly connected being back from their missions. Barbi and I could relate, and we absolutely loved this cute new couple who served the Lord together. Caden ended up palying for Timpview and John went to a local Jr. High. Ella, Abigail and Matthew all went to wasatch Elementary, and Barbi picked up a part time job to be near the kids. With Matthew being in 1st grade out of the home Barbi wanted to do some

We took some beautiful family pictures thanks to Barbi. A photo of her & I in our Sunday best is what I look at every night falling asleep; along with a photo during our wedding, also in our first home, and a photo at Britney's wedding, just after being at the Temple together in our van. I literally go through every good memory with Barbi and recall the photos taken of her and I before falling asleep. She is with me 24/7 and I'm always praying for "us" and our eternal family to be.

Barbi and I did something we were going to do a lot more often; we went to Tahiti Village in South Las Vegas. This trip and memory goes through my mind every day. We had a blast and we demonstrated so much love for each other. The resort was nice & had cool stuff, but taking Barbi hiking, shopping, out to dinner and just being together is priceless. I would give anything to be with Barbi and have the time of our lives as we have before. Our hike was wonderful on the West side of Vegas. I took Barbi shopping and got 3 or 4 pairs of heels and walking shoes. We also got outfits for her to wear. We saw her nephew Lance who works at the Mall. We ate at Carrabas and Olive Garden as well as other great meals. We ended up buying vacation packages so we could go to special places as a family; which we did and were greatly blessed to do. We came home with a quick fuel stop in Cedar City. Driving is fun w/ Barbi.

We went camping as a family, had hamburgers, shrimp, went fishing and had a blast. I can't wait to go camping as a family again soon. Within a years time many will begin to flee into the wilderness. I'm anxious to serve my wife as a Goddess. I will treat her as Christ treated the Church and gave himself for it. I will do the same and serve my wife and give myself to her. I'm anxious to serve our children and all be together as a family preparing to enter the New Jerusalem.

A wonderful memory just came to mind while living in Spanish Fork. I went to bed while Barb and the kids were still up. Later she came into the room and I was pretending to be asleep. She was so fun, cute that we wrestled and conducted ourselves in a manner like never before. I've learned if I can keep Barb full of more energy by serving and helping more in the home she's not always exhausted crashing hard at night. She can be playful with tons of energy by me doing more; Consider it done!! A poem was actually written due to this occasion, and it was truly inspiring to help us remember how important marriage is, how important we are in the site of God, and to never forget the joy, passion, romance and pleasure of being with the person of your dream. Never take advantage of how good we have it together.

Barbi and I took the kids to Zion to walk the narrows, this was beautiful, fun and a special family trip. We jumped off rocks into pools of water, laughed, ate great food and wanted our time together to last. We also went hiking and swimming in a red rock area of Southern Utah, the outdoors are always a special place for us. This reminds me of a Landin reunion in Park city years earlier having a blast, even while Barbi was pregnant. We had Reichner reunions, and Landin reunions every year; during the Summer and Christmas. One Christmas we went to Sundance and all stayed in a cabin. We went Skiing, played football in the snow, played countless games and ate great food. Thinking about our life together seems it was one big fun party every day. Father in heaven clearly allowed all of us to come back to earth to experience a world with far more technology and fun things to do. How could a Father not allow all of his children to be born in this dispensation.

A man from our ward had free passes to Sundance. So, Caden, John and I went snowboarding for the first time and had a blast.

As a family we went sledging at the golf course and rock canyon. We made snowmen and always had fun in the snow. We enjoyed our white dog Konno as he enjoyed the snow.

After Evan got home he and Amber got married during Covid. Sadly, the Temples were closed, but they did not want to put off marriage. Nobody who is sealed in the Temple should ever get divorced. As stated only someone who divorces God can divorce their spouse. In other words no couple who loves God, loves Jesus Christ and believes in the atonement, loves their children should ever get divorced, period! Thus saith the Lord! You would have to be married to a son of perdition to get divorced, otherwise you are putting yourself above God. We are commanded to forgive 70x7, keep all the commandments and "Be thou perfect." Any couple considering divorce must be told these truths. "Choose ye this day whom ye shall serve," No man can serve two masters. We are either one with God & our spouse or one with Satan, period! No leader or disciple of Christ should ever encourage divorce! Again, divorce is not granted or even considered unless there is a son of perdition involved. This is everyone's call to repentance today! You are either going to live with your spouse and kids in God's presence or you are not; choose wisely as Satan offers no eternal happiness, prosperity, a spouse, children or wisdom. This is your last plea, your last warning, your grace, & father's love.

Fathers last extended hand to all his children before the ultimate cleansing of the earth. Father has given us multiple chances, multiple mortalities to get it right. He has been patient, loving, forgiving, full of mercy, kindness and allowed us to come back or condescend to earth having no memory of our previous lives to use the atonement of Jesus Christ to progress. This knowledge, wisdom, love, marvelous work and wonder has been saved for this dispensation, even part of the restoration of absolute truth.

Joseph Smith Jr. said, "If I told the brethren who I am and all I know they would kill me for blasphemy." As Father Davidic Servant, an Arch Angel in the hands of our Savior Jesus Christ I am here on earth to declare to the world these truths. I David Rechner have been instructed by Father and The Lord in personal visits to put in order the Kingdom of God. I have been given commands, counsel and more love than I can describe. This is my sixth mortality on earth. I will translate one more time and have a glorious resurrection. These truths are facts that Father is a caring, loving, patient, forgiving, full of mercy Father. He is giving us every opportunity to perfect ourselves. Ask and ye shall receive, knock and it will be open." What loving Father wouldn't give you all he has

Those who are reading this are being led by the Father, The Son, The Holy Ghost and their love and spirit. You all have been blessed with eyes to see and ears to hear. There is great wisdom in revealing these truths through Joseph and Emma's love story. They are Father's love story to all the world. They are the example of how we must love one another, forgive one another, husbands be willing to give your life, sacrifice everything, even go through Hell to save your marriage, soul and eternal family. As Father said very clearly to me, "David (Joseph) I'm going to raise you up to the world as one who was willing to give up his life, wife, children and all that you have to serve the Lord and bring my children unto him." My entire life I was called, "Tribeless Dave." I didn't know who I was, I felt like I was Joseph of Egypt, Nephi, Jesus' right hand man; who knew that's exactly who I was in my previous mortalities. I know who I am, and I know who God's children are. Do you know who you are? You are a God to be, a Goddess to be. "As man is God once was, as God is man may become." This world was created for us to become like Father and receive all that he has.

I am brother Joseph Smith Jr. My wife Barbi is Emma Smith! All of us are children of God. We now get to exercise our faith in these truths and prepare to enter into the New Jerusalem. As soon as Barbi (New Jerusalem) collides with me, City of Enoch, we will flee into the wilderness for $3\frac{1}{2}$ years. Pray to Father to have him reveal these truths unto you. Ask him about your previous mortalities.

Now, after Evan (Alvin) and Amber got married, we met weekly as a family. Evan and Amber lived with us. Anna decided to go on a mission. She got her call to Chile, Santiago. She did a internship in Peru as well. Caden and John came back to ALA to play basketball for me. Caden brought several Timpview players. We had a team that was built for success. Covid hit our team, well not really, but the test they took didn't allow many of our players to play, they missed the first five games. Anyways, most important is we had a historical year, and Caden was our number one Scorer. It was historical for me because I loved coaching Caden and John, and loved all my players. They were all treated like my sons. We had the most fun trips, games, tournaments, and made memories to last forever. It meant everything to have Barbi and all the family at all the games.

Caden and John had a very Successful Jr. and Freshman year in church, classroom and on the sports courts or fields. Both played Soccer, Football, Basketball and were great teammates and friends to everyone.

Sadly, as the Patriarch of the home, and priesthood holder I allowed Satan into our home. If I were the man, husband, Father I am today the evil that took over our home never would have. This great trial began with me no longer coaching at AFA & Caden and John forced to go back to Timpview. Caden did amazing, Scoring 30 pts in a summer league game. Timpview had good players and Caden fit in just fine talent wise. However, jealousy, envy, hate, and negativity kept Caden from playing his Senior year. Sadly, in a world that is political and money talks, even followers of Christ can forget who they are. I am so proud of Caden and John for taking the high road and being spiritual leaders and Giants.

Ella and Abigail Attended church, became leaders in the youth, did well in school and sports and enjoyed playing Volleyball and Soccer. Matthew loved church, singing, going to school and playing: Football (QB), basketball, Baseball, Soccer and golf. Matthew was always keeping up with his older siblings and became a our entertainer as we all cheered him on.

Our family loved each other, supported each other, attended each others games, church events, school events or Scouting awards ceremonies. Sadly, the church stopped Scouting and it was an obstacle to continue this wonderful program. Caden and John made it to Life Scout, and Matthew was never involved. This program helped our youth tremendously and without it we have seen a drastic change in our growing youth. I perceive a Scouting program will be available in the New Jerusalem.

Barbi and I loved having Evan and Amber live with us; more the merrier. As long as our children are home, happy and progressing that is our joy. Dinner, breakfast together was daily. Thanks to Barbi.

I picked up a professional Head basketball job in Tampa Florida where Evan and Amber served their missions. I was called by the Lord to go there for a few specific reasons, one: I needed to go to Adam-Ondi-Ahman, I needed to spend time with my wife Barbi as she flew out to visit/see me for her birthday, and influence those in a positive Christ-like manner who I came in contact with. Mostly, and my #1 reason was to get Barbi and I alone on a beautiful beach where we could love each other and prioritize our eternal sealed marriage.

St. Petes, Florida was the best 2nd Honeymoon Barbi and I had. We so needed to be alone together as Husband and wife, who are the same I-uh or intelligence. It is so obvious we were made or created "Asone" intelligence. We are Identical in everyway. Our love for God, Jesus, The Holy Ghost, our children, the gospel, and priorities for life. We have no differences what so ever. The only thing we may have seen different is the kids involvement with helping set the table, doing dishes or sharing chore responsibilities. Barbi is a person who will do everything if permitted. I would encourage our children to help in the home, especially not to allow their mother to do everything for them. Outside of this issue our children were very obedient to the Commandments of God.

As soon as I started to make music videos singing portraying Jesus Christ Satan attacked our family. Caden had the evil spirit come over him and suppressed him to the bed. I wish we could have discussed this with him, bless him, Sanctify the home and dedicate it to the Lord. Our family needed prayers and blessings, even from our Bishop. I asked our Bishop to give Barbi and I and our children a blessing. I'm not sure why that was never done?? We prayed and read Scriptures daily, never missed church, went to the Temple, but clearly Father is writing this Script for us.

When Barbi flew out to St. Petes I picked her up with gifts, flowers, a kiss and hug. I took her to a nice restaurant near downtown Tampa along the ocean walk way. We took a picture together and it reminds me of how wonderful our time together was when dating for a year before our missions. We had a two story home we stayed in for the weekend before going to the beach resort in St. Petes. I have to mention Special K cereal with strawberries because we both ate that while in the home & liked it. We had an amazing first day/night together probably until Sunrise. When we woke up we got on our Sunday best and went to church, even where Evan/Amber served. We drove around and saw beautiful sites. One day we went to Old downtown Tampa and ate at a Greek restaurant and then soon after a gourmet very classy restaurant. We love to eat out together; we're good food critics or we really appreciate good food; especially since Barbi doesn't have to cook. Barbi loves to cook and is the best, but it's nice to have a break.

We checked into our hotel room and walked the beach. We had chairs with our names on them. Barbi loves the Florida beaches with white sand and clear water, unlike California where it's more prone for surfing or water sports. Well, we found a place we will be happy to go back to very soon together.

We ate daily at a restaurant owned by a Greek man. He was so kind. We enjoyed eating there daily. The menu had everything you would want for any appetite. Barbi was stunning as always and she catches everyone's attention, especially Greek men. The time flew by too fast. When it came to Barbi having to catch a flight home I was devastated, hurt and did not want to part ways. As she left I cried and told her how I felt. Thinking back I would have gotten on the plane with her. However, I did fly home for a quick amazing, loving visit. I did drive home and spent time at Adam-Oni-Ahman again. Father was preparing me for our big refiners fire trial we would soon have to go through.

Upon returning to Barbi and our kids I brought some fun gifts for everyone. Barbi and I enjoyed her gifts and frequently we would have fun together. We wanted to take the family to San Diego and enjoy our previous homeland. There was a basketball tournament so the AHA team essentially all drove down there, even though I was no longer the coach. Barbi, Caden, John, Ella, Abigail & Matt all drove down together. As I love to order food while driving and pick it up to go so we don't lose too much time I asked Caden if he would call and order for all of us.

I thought Caden and the family would be excited to order food from a restaurant. Not sure why, but this caused an issue that escalated to feelings being hurt. I didn't understand why this was happening. Anyways, we arrived at David Lilly's house with the team. The next day he cooked Tri-Tip for all of us. The team did well, Caden and John did well. We went to Sea Port Village and enjoyed the boardwalk and ocean views. Unfortunately, there was a conflict between Caden and one of his teammates that left us asking my Nephew Malik G'than and his Friends to come play with us. We ended up winning the tournament for our bracket. We all then went to my brother's house in Orange County. Barbi and I stayed at a hotel while the kids stayed with their cousins. We all went out on a deep sea boat and saw dolphins. Then we went to Hollywood to hike the Sign & show the kids L.A. This reminds me of the time we went to a NASCAR race in Riverside together and the single driver we took pictures with or the only one because we were late, ended up winning. We took pictures with him afterwards; we were his good luck charm. I remember the Sun was setting on Barbi's face and she looked like she did on our second date coming home from the Legacy movie.

On our way back to Utah we stayed in Las Vegas at the Excalibur hotel. We rode roller-coasters, went to the family fun center, ate good food, swam and enjoyed being together.

Another trip we met my brother Mark & his family in Vegas as we stayed at the Flamingo. Kids loved being with their cousins. We also used our resort packages and booked a hotel in the harbor. Barbi & I stayed there for our Anniversary/Christmas break while the kids stayed with cousins.

We also went to Park City resort as a family. Evan & Amber were with us and their son 'Mason', our first grandson; who I believe is William. His middle name is actually William. Park City was a blast, we did so many activities, swam, sauna, sports, pool, BBQ etc...

We also went to Bear Lake and stayed on the golf course at Matt Mason's house or Air B & B. He was my assistant coach and friend who is very supportive. We gotted together, went to the lake, swam, jumped on water trampoline, frisbee golf, mini golf, BBQ, good food, tons of fun. Lulu came with us, and Anna was home from her mission. This might have been a coming home party for her?? A different Summer went west to Idaho to spend time with Kent & be part of a wedding for his daughter.

While in Idaho^{we} went water skiing, wake boarding and jumped off cliffs into the lake. We had a blast and all the kids did an Amazing job. Watching the kids and Barbi conquer a new skill brought so much pride and joy. Everyone had no fear or overcame their fear and tried something new. Barbi & I could watch our kiddos all day long succeeding in all that they do. Thinking about how Merifal Father is to allow us to have the "Fantasy" type family life we had after not being able to raise our children together in the 1800s as Joseph & Emma brings eternal joy. I can see why Father wants all of us to focus on the good, not give up, forgive instantly and love one another always. He's writing the script, he's writing your life story, handle it with care, gratitude, patience, faith, hope, obedience and trust in him; he has you in his hands. He has your life under control so, stay poised, confident, humble, meek and full of charity and you'll be where he wants you.

We went to Ambers & Evans baby blessing of Mason, it was beautiful and so much pride was filled in the room. Seeing our first son bless his first son and to be part of it brings accomplishment, joy and love. We are so proud of Evan and Amber for who they were and who they have become. We are their biggest fans & would do anything for them & their kid.

Olivia-Knuton-John has nothing on Barbi. For Halloween that's who Barbi dressed up as from the movie Greece. I was dressed up like John Travolta, Barbi stole the show in her black leather pants, cute heels, blonde hair and frankly can't remember if it was a white shirt or pink. I couldn't take my eyes off her beautiful face of course. We had a great evening of fun every Halloween, Every Thanksgiving, Every Christmas, every Easter, every birthday, 4th of July, Provo Parades, Pioneer Day, Father and Sons Sports camp, Team Freddeff basketball camps and tournaments. There was never a down time and family time was what mattered most. We even made a garden together; which I absolutely loved being with Barbi and the kids outside touching earth. We also would go river raft the Provo river often, this was a super fun & relaxing event. Fireworks and summer fun was priceless and we always had the best meals & deserts.

Barbi put on a cute white skirt with her new cute white shoes and we went golfing together. I could be with Barbi all day every day doing activities, sports, cooking, baking, watching our kids, cleaning or whatever; she is the best buddy, wife and love of my life. Every day seemed like an event was taking place; whether going to Lagoon, Splash Summit, the river, Musicals, Parties, Sports games (B.Y.U Football) walks or just snuggling we

Never seemed to have a bad day or down moment. There may have been a quick dispute over something silly as to who's setting the table, but frankly we never had anything to complain about or gripe about.

As I began to make a music video portraying Jesus Christ singing "Nearer my God to thee" the adversary tried to attack our family and destroy me. One day I was in bed and my entire left arm went numb, then the pain crept into my chest, I couldn't breathe. It felt like my entire left side was paralyzed. I raised my hand to the square and said, "In the name of Jesus Christ my Master I command whatever is attacking my body to be cast out, even so I may help save my wife and kids and build up God's Kingdom, not my will, but thine be done." Instantly, I could breathe. Later two of the Lord's servants told me Satan was trying to destroy me and our family.

Before singing I fell to my knees asking Father to allow me to redeem myself for not taking the role of Jesus Christ in the New Testament production. This film went world wide and it's my biggest regret for not taking it. I told Father I would give up my life and all that I have to serve The Lord, and little did I know that's exactly what has happened, and will happen. I've been told I will translate on more times.

My Father, Mark Reichner passed away in Oct. 2023. I Sang at his funeral, I Sang at Church, I made a 2nd music video with Debbie West coon singing as Mary & Jesus "Israel, Israel God is calling." I started a Inter-Faith live broadcast and went live on Social Media (Facebook) My co hosts (Mariner Folk & Michael Thompson) reached hundreds of thousands in effort to prepare the world for the return of the Lord, even to make one fold, one gospel with one Shepard (Jesus Christ).

Barbi and I celebrated our 30th wedding Anniversary having been together since 1994. We also celebrated Ella's 16th Birthday Nov. 24th 2023. We took Ella to Olive Garden, Provo Beach and had an amazing time, I started a club basketball team for Matt. Abigail & Ella were playing Soccer & Volleyball. John was in his Senior year doing amazing.

Out of nowhere I got a call from Child Protective Services saying, "We got an anonymous phone call saying you were being emotionally abusive to Abby."

I was shocked, Barbi was shocked, we all were shocked. Barbi & I have raised amazing children together & nothing warranted Child Protective Services.

Barbi wrote, "We have no need for CPS nor do I have any desire to divorce my husband."

Abby was told to go to her room for sneaking out the basement window. Come to find out a 13 yr old girl called CPS. This is when all hell came upon us...
